NCS Report. Tom Ehrhorn (NCS Staff)

- a. NCS Football Officials Coordinating Committee

The NCS Football Officials Coordinating Committee expressed the following concerns at our recent (Oct. 24th) committee meeting:

1. Last minute changes by schools are a major problem. Athletic Directors have called and made changes, then called back and changed games again.
2. When District Office or school personnel make decisions regarding nights played or game time changes without input from officials a situation could occur that would prevent the officials from being able to provide officials.
3. 3:00 p.m. games are a real problem.
4. FYI – Since Associations are struggling to keep/add officials some associations schedule same officials on two games on the same day but different sites. Any changes in times can be extremely difficult in this situation.

- b. Water Polo Officials

The water polo association that services NCS would like to sit down with league commissioners and discuss the league schedules. It is becoming increasing difficult to provide officials since there is only one association and they service not only high school but also service junior colleges in the Bay Area.

- c. Baseball/Softball Officials

NCS staff met with baseball and softball officials’ associations who service NCS member schools Sunday, Dec. 4th and would like to remind league commissioners that the State CIF does not schedule the baseball and softball rules interpreter meetings until January. This means that if league schedule pre-season coaches meetings and invite officials the officials may not know the interpretation of current rule changes. Meetings in February would be better if a night can be selected that allows for coaches to attend.
