**Additional language to Bylaw 104H**

### ***104H Multi-School Practice***

Multi-school practices for members of individual sport teams are allowed (i.e. badminton, cross country, swimming, diving, tennis, golf, track, and wrestling) only between the conclusion of the league/conference season and the section/state competition in that sport, for those athletes who have qualified for NCS/Les Schwab Tires or State CIF post-season competition.

Exception:

If both principals approve, two schools may conduct multi-school practices for members of individual sport teams prior to the conclusion of the league/conference season for one or more of the following reasons:

1. Safety concerns due to lack of equipment (ex. lack of pole vault equipment)
2. Lack of facilities such as a swimming pool or diving board
3. Gender equity – lack of competition for a single gender where the sport is of a contact nature. (i.e.

wrestling)

**4. Coaches hired to coach individual sports at multiple schools/districts.**

**PENALTY FOR VIOLATION:** Disqualification from the respective NCS/Les Schwab Tires Championship Series Event and referral to the respective league, or NCS Eligibility Committee (non-league affiliate schools), according to NCS Sports & General Rulings Handbook Bylaw 102H, where additional penalties may be assigned.

*(NCS Board of Managers 10/21/05)*

MOTION: Marie Sugiyama            SECOND: Don Nelson

**C. PASSED ( 28-0-0)**

**Sports and General Rulings Bylaw 103H revision**

103H Post Season Competition Restrictions (*move this bylaw to 114H following the Final Date of Season of Sport*)

The listed maximum number of games does not include post-season competition conducted by leagues/conferences, NCS/Les Schwab Tires Championship Series, or post-season tournaments or competitions sanctioned by the CIF process (State or NCS). Schools *who are selected to the NC/Les Schwab Tires presented by Farmers Championships* may participate in a maximum of two (2) additional scrimmages between the ~~end of the regular league season~~ *the NCS At-Large and Seeding meeting* and the first scheduled contest of the respective NCS/Les Schwab Tires Championship Series in the sports of basketball, baseball, softball, soccer, volleyball and water polo, providing the following provisions are met:

- a) The team did not participate in a league playoff, and
- b) Both principals approve.

**PENALTY FOR VIOLATION:** Disqualification from the respective NCS/Les Schwab Tires Championship Series Event and referral to the respective league, or NCS Eligibility Committee (non-league affiliate schools), according to NCS Sports & General Rulings Handbook Bylaw 102H, where further penalties may be assigned.  
*(Board of Managers 10/21/05)*

MOTION: Don Nelson    SECOND: Bud Beemer

**VI. NEW BUSINESS**

**A. FAILED( 6-21-0) Amendment to the motion: To change the proposal to include all sports as well as include the language in bolded underlined italics below. Motion Marie Gray Secon: Phil Tomasini, PASSED (28-0-0)**

**Scouting at ~~Football~~practices)**

Motion to adopt a new **Sports & General Rulings Bylaw 1010H Football Scouting:** It shall be illegal *for persons associated with the school* to scout an opponent's ~~football~~ practice. A first-time violation shall receive a formal warning from the NCS office. A second violation in a three-year period shall cause the school to be ineligible for NCS ~~football~~-post-season play that year.

There is presently no prohibition in the NFHS ~~Football~~ rules concerning scouting an opponent's practice. There is currently no NCS policy prohibiting this activity.

Rationale: At least one HAAL school had a football practice scouted by a potential NCS playoff opponent this season. Harry Schrauth, NCS Officials Coordinator, reports that the NCS has received at least three "concerns" about ~~football~~ scouting this year. Mr. Schrauth also suggests that the SAC should debate this topic, possibly prohibiting it and establishing appropriate penalties.

Possible Objections to the Proposal: Those schools that think scouting an opponent's ~~football~~ practice is appropriate and do not see this as an important issue might object to this proposal.

Income and Expenses Related to Implementation: None

MOTION: Marie Gray            SECOND: Phil Tomasini

**B. PASSED ( 27-1-0)**

**Change in Bylaw 100H – Number of contests in Golf**

Motion to change the number of contests in golf to 22 contests and eliminate scrimmages for both boys and girls. Currently rule allows 20 contests and 2 scrimmages.

Rationale: Golf does not lend itself to scrimmages as team sports do as not keeping score defeats the purpose of a golf contest. With a double round robin being playing (14 matches) there are only 6 preseason matches available. Adding two more contests will give the teams an opportunity to enter more tournaments. Tennis and badminton also usually have a double round robin schedule and have 24 matches and 2 scrimmages.

MOTION: Don Nelson                      SECOND: Marie Sugiyama

**C. PASSED ( 27-1-0)**

**Ejection Policy in the sport of Soccer**

Motion to approve the following ejection policy for soccer.

The following applies to the ejection policy: when any student receives a red card and is ejected from the game in which the player must leave the field and may not return, may not be substituted (team must play short), and is restricted to the team area.

The ejection policy will also apply when any coach receives a red card in which the coach must leave the vicinity of the playing area.

*(Note: Any act by an athlete/coach that is unsporting or dangerous conduct shall subject the student/coach to ejection from the contest and application of the NCS Ejection Policy will apply.)*

Rationale: Soccer ejections are becoming more and more difficult to determine. If site personnel are not diligent to discover the rule violation for second yellow cards or red cards, then many times it is very difficult to determine if the student needs to sit out the next game. This policy would clear up the process and make it very simple for school personnel and student-athletes to know if an ejection applies to the ejection policy or not. This would also bring soccer more inline with other sports ejections.

MOTION: Ole Chiavini                      SECOND: Marie Sugiyama

**D. PASSED ( 9-4-12)**

Motion to delete the section under rule 21-10, Misconduct, from the ejection policy in water polo. In the NFHS rulebook 21-10 is not a rule that caused a student-athlete to be ejected for the next game but 21-11 Flagrant misconduct does note that the student-athlete would be ejected for the next game.

21-10	To be guilty of misconduct, including the use of obscene, abusive, threatening language or gestures, violent or persistent foul play, overaggressive fouls, or to refuse the obedience to or show disrespect for a referee or official. Persistent foul play refers to play which is unacceptable within the spirit of the Rules and which is likely to bring the game into disrepute. Persistent foul play is entirely different and unrelated to "persisting in an ordinary foul." Overaggressive fouls are hard fouls unacceptable within the spirit of the rules. Including deliberate elbowing to the head, face or neck or head-butting an opponent. Taunting, baiting or ridiculing an opponent are examples of misconduct. The offending player shall be excluded from the remainder of the game, with substitution after the earliest occurrence referred to in Rule 21-3.	Yes No
-------	---	-----------

Rationale:

Generally when an athlete is cited for misconduct under rule 21-10, that player is ejected from the game and a substitute is allowed. Unlike in some sports (ie. Basketball, soccer, football) there is no "warning system" for this type of exclusion call. These are relatively common fouls in water polo and to disqualify a player for the next game each time this type of foul is committed is too severe in comparison to the severity of the foul. Even more significant is the fact that under the current NCS ejection policy a player is disqualified for the remainder of the season after two misconduct fouls. This is much too severe for this type of foul.

Additionally, most CIF sections have adjusted their ejection policies with respect to the misconduct penalty, and deem it less severe than the Flagrant Misconduct penalty in rule 21-11. Many sections do not disqualify athletes for the next game with the misconduct penalty, but do disqualify them with the flagrant misconduct penalty as we do.

Additionally, it would be beneficial to the athletes and coaches competing in water polo for all CIF sections to conform to the same rules regarding water polo misconducts in order to avoid confusion and discrepancy among officiating during competition between teams from two different sections or teams playing geographically out of section. A referee could be more or less likely to make a misconduct call based on the section's ejection policy and therefore putting an athlete's eligibility at risk.

CIF Executive Committee

**DATE:** February 6, 2009

**RE:** Bylaw 213: Amateur Status; Bylaw 605: Outside Competition Revision

**Bylaw 213.D: Professional Tryout has been moved to become Bylaw 605: Outside Competition. It was felt by the commissioner's that this was a more appropriate place. This bylaw clarifies that a student becomes ineligible if they try out in a sport during that high schools' season of sport.**

**1<sup>st</sup> Reading/Discussion: February 6, 2009**

**Vote: May 8, 2009**

**ARTICLE 60**  
**OUTSIDE COMPETITION**

**600. COMPETITION ON AN OUTSIDE TEAM**

A student on a high school team becomes ineligible if the student competes in a contest on an "outside" team, in the same sport, during the student's high school season of sport (See Bylaw 511).

The following exceptions apply:

- A. If the outside team has half or more of the team members as stated in the National Federation rules book for that sport, it shall be considered the same sport. Examples: three on three basketball — outside team competition prohibited; two on two volleyball — outside team competition permitted.

**B. FLAG FOOTBALL**

For purposes of this rule, touch football and flag football are considered to be a different sport than tackle football.

**C. SOCCER**

In the sport of soccer, Bylaw 600 shall be in effect only during the winter high school soccer season. High school soccer programs that compete during the fall or spring season are not subject to Bylaw 600.

Note: For the purposes of the section, indoor soccer and futsal are not considered the same sport.

**D. SWIMMING & DIVING**

Swimmers may compete for an amateur team during the season of sport in the USA Swimming Senior National Championship Meet, the USA Swimming Sectional Championship meets and the YMCA National Meet. Divers may compete for an amateur team during the season of sport in the USA National Diving Championships and the USA National Junior Diving Championships.

- E. Bylaw 600 shall not be in effect for those sports conducted outside the State adopted season of sport.

**F. SPONTANEOUS RECREATIONAL ACTIVITY**

It is permissible for a high school team member to participate in a spontaneous recreational activity or game in which sides or teams are chosen without regard to players representing any group or organization. Such participation would not cause loss of eligibility. (Definition of spontaneous: no prior planning or notice; an unplanned part of another activity which has a primary focus other than the sport.)

**G. UNATTACHED COMPETITION IN INDIVIDUAL SPORTS**

- (1) An unattached athlete shall not represent any team. Points won by the athlete shall not be credited to any team. An unattached athlete shall not use a uniform which identifies a school or "outside" team. Any violation shall be considered an infraction of Bylaw 600.
- (2) Unattached competition is permissible for a student in other than school contests during the season of sport provided the student enters in the individual sports of badminton (singles and doubles), cross country, golf, gymnastics, skiing, swimming and diving (including unattached

entry on relays), tennis (singles and doubles), track and field (including unattached entry on relays) and wrestling.

(Revised May 2003 Federated Council)

(3) **CERTIFICATION OF UNATTACHED ATHLETES**

No official recognition or certification on the part of the CIF member school or personnel of the CIF member school may be given in order that unattached athletes may participate in contests.

(4) **REPRESENTATION IN CIF COMPETITION**

Unattached competition is not permitted in any CIF competition (See Bylaw 302). Individuals or teams entered in CIF competition must represent a CIF member school. No other form of representation shall be permitted in CIF competition.

~~604~~ **601. PENALTIES FOR VIOLATION OF BYLAW 600**

**A. Individual**

(1) **First Offense in High School Career in Any Sport**

The student becomes immediately ineligible for participation with his/her high school team for a number of contests equal to twice the number of contests of outside competition in which the student participated.

(2) **Any Subsequent Offense in High School Career in Any Sport**

The student becomes immediately ineligible for one year (365 days) from the second infraction in all sports.

(3) **Appeals**

Upon written appeal to the Section Commissioner, the student may petition his/her Section for reinstatement of his/her eligibility status.

**B. Team**

(1) **Games Forfeited**

Games in which a student participated on his/her high school team after violation of CIF Bylaw 600 shall be forfeited.

(2) **Appeals**

Sections may establish rules and procedures to consider requests for waivers of game forfeitures.

(Revised May 2004 Federated Council)

~~601.~~ **602. PAN-AMERICAN, US PARALYMPICS OR OLYMPIC COMPETITION**

During the high school season of sport, a high school student who has been selected or qualified for participation on the United States team, which will engage in Pan-American, US Paralympics or Olympic competition, may participate on that team.

~~602.~~ **603 OLYMPIC DEVELOPMENT PROGRAMS**

During their high school season of sport, a high school student who has been selected or qualified for an Olympic development program by the respective National Governing Body for that sport, shall be permitted to participate in

such a program without loss of interscholastic eligibility, if the following conditions are met:

- A. The Olympic development program is:
  - (1) Verified as such by the State CIF; AND
  - (2) a. Conducted or sponsored by the United States Olympic Committee; OR
  - b. Directly funded and conducted by the U.S. national governing body for the sport on a national level; OR
  - c. Authorized by a national governing body for athletes having potential for future national team participation; AND
- B. The student informs the high school principal at least 30 days prior to participating in the program; AND
- C. The principal verifies the authenticity of the program; AND
- D. The student makes prior arrangement to complete missed academic lessons, assignments and tests before the last day of classes of the semester in which the student's absence occurs.
- E. This bylaw was written with the intent that only individual student-athletes that have been identified by the respective National Governing body for that sport, as having Olympic potential, would be eligible for this exemption of Bylaw 600.

Individual student-athletes who are members of a club team(s) consisting in whole or part of high school age athletes, participating in any competitions (e.g. Super Y League events, championships, etc.), even if the competition itself is labeled as an ODP event, that occur during the high school student's season of sport are not eligible for this exemption.

(Revised Federated Council May 2007)

#### ~~603.~~ **604. INTERNATIONAL COMPETITION**

The Executive Director may grant approval, upon individual petition, for an athlete to travel to a foreign country to participate in international competition sanctioned by the governing body for that sport in the United States and the international governing body.

(Revised May 2003 Federated Council)

#### **605. PROFESSIONAL TRYOUT (moved from Bylaw 213.D)**

A student shall become ineligible for CIF competition if he/she participates in any tryout for a professional team in any CIF approved sport during that high schools' season of sport: from September 15 to June 15 unless:

**1. The season of sport for a school is that period of time that elapses between the first interscholastic contest and the final contest in that particular sport.**

- 1. His/her principal has given written approval to a request for such participation from a professional team; AND
- 2. The tryout is limited to five (5) students or less.

**213 AMATEUR STATUS**

**A. CIF Sponsored Competition**

A student is governed by CIF amateur rules when the student participates in CIF competition. A student who violates CIF amateur or award rules shall be ineligible for CIF competition in that sport until appeal and reinstatement as an amateur by the CIF Federated Council. A student may apply to the CIF Federated Council for reinstatement when the student can again qualify as an amateur in that sport.

**B. Reinstatement of Amateur Status**

A student will become ineligible for CIF competition in a given sport if the student is determined to be a professional by the national sports governing body (NSGB) for the sport in question. A student may apply for reinstatement of his/her amateur status through the CIF Section in which the student competes. Any request for reinstatement must include a statement from the NSGB for the sport in question that the student's amateur status has been reinstated by the appropriate NSGB.

**C. VIOLATIONS IN CIF SPONSORED COMPETITION**

A student shall become ineligible for CIF competition in the respective sport and shall be penalized according to Bylaw 213.A and 213.B for the following violations related to CIF competition:

(See CAUTION below)

1. Receiving, from any and all sources, athletic awards totaling more than \$100.00 in value for:
  - a. Accomplishments in any regular season CIF high school competition event;  
NOTE: Typical examples of "regular season CIF high school competition event" include, but are not limited to, any league or non-league dual contest and invitational tournament held prior to any season-culminating League, Section, Region and/or State Playoff competition.
  - b. A recognition award program, such as "Player of the Week"/"Month," for any regular season CIF high school competition.
2. Receiving, from any and all sources, athletic awards totaling more than \$250.00 in value for any post-regular season CIF high school competition or recognition program;  
NOTE: For purposes of this Bylaw only, League, Section, Region and State Playoff competition is considered to be one continuous event.  
NOTE: The dollar value of an award, exclusive of engraving, shall be determined by the following criteria:
  - a. The retail price paid by the last purchaser in the acquisition of the award;
  - b. When the host school or League purchases the award, the retail price paid by the host school or League;
  - c. When the award is donated by another entity, the retail price paid by or cost to that entity.
3. Wearing a school team uniform or any identifying school insignia while appearing in any advertisement, promotional activity or endorsement for any commercial product or service;
4. Lending his/her name and team affiliation for purposes of commercial endorsement. Any appearances by students for nonprofit organizations

must be approved by the Board of Trustees concerned. This provision is not intended to restrict the right of any student to participate in a commercial endorsement provided there is no school team or school affiliation;

5. Accepting payment for loss of time or wages while participating in CIF competition;
6. Receiving payment for coaching a team in CIF competition.

CAUTION: Compliance with these Bylaws does not ensure maintenance of eligibility under the eligibility standards of other athletic organizations (e.g. NCAA, NAIA, NJCAA, California Community College Association and National Sports Governing Body, etc.). Students desiring information on the amateur rules of other organizations must communicate with the respective organization.

**D. Professional Tryout (move to new 605)**

A student shall become ineligible for CIF competition if he/she participates in any tryout for a professional team in any CIF approved sport *during the high school season of sport*: ~~from September 15 to June 15 unless:~~

1. *The season of sport for a school is that period of time that elapses between the first interscholastic contest and the final contest in that particular sport.*
  1. ~~His/her principal has given written approval to a request for such participation from a professional team; AND~~
  2. ~~The tryout is limited to five (5) students or less.~~

**RE:** Bylaw 211: Physical Assault Revision

This bylaw is revised to include what is required of the school when a coach physically assaults a game official.

1<sup>st</sup> Reading/Discussion: February 6, 2009

Vote: May 8, 2009

Bylaw 211  
Physical Assault

**A. Student:**

Any student who physically assaults the person of a game or event official shall be banned from interscholastic athletics for the remainder of the student's eligibility. A game or event official is defined as a referee, umpire or any other official assigned to interpret to enforce rules of competition at an event or contest. A student may, after a lapse of 18 calendar months from the date of incident, apply for reinstatement of eligibility to the State Executive Director.

**B. Coach:**

**Any coach who physically assaults the person of a game or event official shall be considered to have violated Bylaw 22 (Conditions of Membership) and, pending action by the building principal, subject the member school to sanctions or loss of standing as a member. When a coach assaults an official it is mandatory that the principal notify the CIF Section Office within 24 hours (excluding holidays and weekends). The competing schools and officials will be required to file written reports, and after reviewing the material, the principal of the school involved will be required to respond to the respective Section Office concerning his/her investigation of the incident.**

**Note: Definition of a Physical Assault: A physical assault is the intentional infliction of or an attempt to inflict a harmful or offensive touching or contact upon the person of an official. Note that the rule is violated even if no contact is made with the person of an official. Such conduct shall include verbal threats and/or intimidation either before, during or after the contest. All that is required is the "attempt." However, the act constituting the attempt must be accompanied by a specific intent, which may be inferred from the circumstances and nature of the act, to inflict a harmful or offensive touching contact of the official's person.**

## AGENDA ITEM: V.B.6.a-c.

**TO:** FEDERATED COUNCIL

**FROM:** Championships, New Events Committee

**THROUGH:** CIF Commissioners  
 CIF Executive Committee

**DATE:** February 6, 2009

**RE:** Addition of CIF Regional and State Championship Events

The Championships, New Events Committee is recommending the following revisions:

V.B.6.a Master Plan – A previous plan had been approved that took into account many factors such as interest, diversity, Title IX, and number of participants. Proposals were forwarded out of sequence from interested parties and at the time it seemed like the right thing to do was to move forward with these proposals. As a consequence CIF is out of compliance in terms of the number of state championship opportunities we provide to males and females. This master plan takes into account all the previously mentioned issues and also tries to equalize the number of opportunities for north and south regional play.

The Commissioners have recommended rather than have the specific years of implementation listed, rather place them in the order of implementation. This allows some flexibility for proposals to be developed, take into consideration staffing issues, and also with the current economic crises it will allow schools time to resolve their financial issues.

V.B.6.b Policy and Procedures For New Events – This document has been revised to take in to account current practice, anticipated change in the Master Plan and the adoption of a new reimbursement formula for team sports.

V.B.6.c CIF Reimbursement - The CIF reimbursement policy is designed to help defray many of the major costs associated with participation in CIF-sponsored invitational, regional and state championship events. It is not designed to totally reimburse all schools for all costs. Schools are reimbursed at the rate approved by the State Federated Council, which is comprised of representatives of all ten sections.

## POLICY AND PROCEDURES FOR NEW EVENTS

~~State championships~~ New events conducted by the CIF under the philosophy of the CIF would provide the best possible educational environment for our member schools. The criteria and procedures for development and approval of invitational and championship activities that provide equitable opportunities for student athletes and promote the values and goals of CIF within a financially responsible framework are as follows:

### PHILOSOPHICAL CRITERIA FOR NEW EVENTS

Any CIF sponsored Invitational, Regional or State Championship event should contribute to the goals of the organization (for instance, a new event might enhance gender equity, economic stability and enhance the awareness of values taught through sport or enhance the recognition of achievement of students). Sponsors of an event will be required to adhere to a "code of ethics" developed by the CIF to promote the values of the organization.

### PROPOSALS FOR NEW EVENTS

All proposal submitted must fall under CIF Bylaw 1200, CIF-Approved Sports, regardless of the author, must include the following information:

#### I. QUALIFYING PARTICIPATION CRITERION FOR STATE CHAMPIONSHIPS A NEW EVENT

##### A. CIF STATE CHAMPIONSHIPS

At least 60 percent of all CIF schools participate in the sport in the same season or at least 6 or more Sections have championships in the sport to include at least 2 in the north and 2 in the south. ~~The committee may recommend that proposals for state championships be inaugurated as regional events even if the criterion is met.~~

##### B. CIF REGIONAL CHAMPIONSHIP

At least 50% of a region sections participate in the sport in the same season.

##### C. CIF INVITATIONAL EVENTS

Provide opportunities for a sport that does not meet the above state criteria for regional or state championships.

#### II. FEASIBILITY

A. Can the new event ~~can~~ be managed by present CIF staff or efficient, competent management staff may be found by CIF?

B. The event may be financially supported by the revenue from the event and financial support can be sustained over a period of years or must the event be sustained by excess revenue from other Regional or State Championships?

C. A state championship or regional championship shall be scheduled only after the conclusion of the championships in those Sections taking part in the championship.

#### III. FINANCIAL CRITERIA FOR NEW EVENTS SPONSORED BY CIF

~~A. Future championships will address the issue of reimbursement for participants for travel, lodging and meals according to CIF adopted criteria~~

A. Proposals for a new event must include detailed, specific estimated reimbursable expenses to participating member schools using the State CIF Reimbursement Formula.

B. Proposals for a new event must included detailed, specific estimates of all administrative and staffing expenses associated with the proposed new event. Consideration must be given in proposals to mitigating expenses of new events.

~~B. Participants in invitational events (pre and mid season) will be expected to be responsible for travel, lodging and meals.~~

~~C. Participants in postseason invitational events will be expected to be responsible for travel, lodging and meals. If invitational events are sufficiently profitable, then payment of such expenses will be considered for participants.~~

~~C. New events cannot place Section championships at risk financially.~~

~~D. Consideration must be given in proposals to mitigating expenses of new events.~~

~~F. Detailed, specific, feasible cost estimates will accompany all proposals.~~

~~G. In reviewing and approving proposals for invitational events, consideration should be given to designating, at least, a portion of any profits to go for reimbursement of school costs for participation in existing and new championships.~~

~~D. The event cannot be a burden on any Section budget or on the State CIF budget and the staging of the event must be economically responsible.~~

~~I. The proposal must show how the event may be sustained, economically, over many years.~~

#### IV. OTHER RECOMMENDATIONS/QUESTIONS

The following are recommendations/questions that should be addressed within the proposal:

A. What is the benefit to participating schools and students?

B. How, specifically, will this event be a demonstration of the values of participation in high school athletics? Are there awards based upon values? In choosing teams or individuals for an event, is there any criterion such as demonstration of respect,

sportsmanship, citizenship, achievement through effort and cooperation, full compliance to CIF code of ethics, rules, regulations, guidelines, etc.

C. Is there a conflict with state mandated testing?

~~C. State CIF Championships and new events (invitationals and bowl games) cannot last longer than two (2) weeks. Three (3) weeks may be permissible depending on the sport.~~

D. Does the event cause additional loss of instructional time? If so, has any thought been given to mitigating this loss (Saturday contests, evenings, vacation time)?

E. If the proposal is for a sport which is played now in more than one season in the state, what dates are selected and why?

G. Will the proposed event lend itself to a partnership between the State CIF and a CIF Section?

H. If there is a partnership proposed between a Section and the State CIF, the nature of the partnership must be detailed. That is, what are the duties and responsibilities of the Section and State entities? If there is to be risk/profit sharing, what are the proposed financial details? If resources, other than financial, are to be used as part of a partnership, what are the anticipated resources?

I. Any proposal that involves a Section/State partnership should consider whether or not an event should be rotated, upon request, among Sections.

J. Proposals should involve consideration of adding to basic competition ancillary activities to make the event more attractive and reflective of the goals/mission of CIF; e.g. training for coaches, sportsmanship activities for students/schools.

K. Does the new events place Section championships at risk financially?

L. Does the new event cause a burden on any Section budget?

#### V. PROCESS FOR SUBMISSION OF NEW EVENT PROPOSAL

~~A. Proposals for new athletic events or championships which would be State CIF directed and implemented or directed and implemented in partnership between the State CIF and a CIF Section must be submitted no later than 15 months before the desired event implementation date in order to allow for full discussion necessary for approval and implementation.~~

A. Proposals for new events must follow the timetable established by the Championships and New Events Committee to ensure timely implementation that meets the requirements of the CIF including, but not limited to equity and staffing.

~~B. The 15 month application requirement can be waived only by specific action by the Federated Council regarding a State or regional championship or by the Executive Committee or the Federated Council for a new pre, mid or post season invitational event. The waiver is granted only when the decision making body mentioned above is satisfied that all necessary consideration has taken place.~~

B. Process for proposals for championships:

~~(1) Requests for proposals mailed to Sections/schools in September.~~

(1) Proposals must be submitted for committee review by May 1.

(2) Sub-committee of Events Committee will review proposals by June 1.

(3) Commissioners will review proposals in mid-June.

(4) Events Committee develops recommendation for Federated Council - September.

(5) Federated Council - First Reading - November

(6) Federated Council - Action - February

# State CIF Reimbursement Formula

## Safety

The most important factor is the safety of student-athletes, their coaches and administrators who travel to CIF-sponsored invitational, regional and state championship events. A team that travels a great distance to participate in an evening contest may request an overnight stay if they are unable to safely return to their school site. 150 miles (one way) is the arbitrary distance beyond which a team qualifies for an overnight stay. Some schools may choose to return home after an evening event, even if they are more than 150 miles from the game site, because they feel it is safe to do so. Teams who travel more than 150 miles one-way to a game but play at a time that safely allows them to travel to and from the game site on the same day will not be granted overnight approval.

In some cases it is possible to request reimbursement, even if the one-way miles are less than 150, if the safety of student-athletes is of concern.

## REIMBURSEMENT EXPENSES

The CIF reimbursement policy is designed to help defray many of the major costs associated with participation in CIF-sponsored invitational, regional and state championship events. It is not designed to totally reimburse all schools for all costs. Schools are reimbursed at the rate approved by the State Federated Council, which is comprised of representatives of all ten sections.
