

Attachment A – Tentative Fee Schedule and Assignment Policy

ASSIGNMENT POLICY

After participating teams have been determined –

- a. The “home” team (or higher-seeded team if “home” and “away” teams cannot yet be determined) will be asked first if it has an approved Medical Personnel who is willing and able to cover that contest and, if practical for scheduling purposes, other contests played at that location that day (e.g., contest is being held at a site where coverage is also needed for the contests immediately preceding and/or following their own);
- b. If not, the “away” team would then be offered the same opportunity;
- c. If neither team has, or chooses to provide, such approved Medical Personnel coverage, then CHO will assign an approved Medical Personnel to cover the Event, regardless of team/school affiliation;
- d. If trainers from both teams work a contest, NCS will pay for only one (1) approved Medical Personnel at each Event, unless otherwise stipulated in the Tentative Fee Schedule.

Any individual paid by NCS as the designated approved Medical Personnel must provide services and be available to all teams and athletes participating in the Event on an equal basis, including providing assistance to any team’s trainer or medical person, if requested.

TENTATIVE FEE SCHEDULE

NCS agrees to pay to non-CHO-employed approved Medical Personnel covering Events based on the following equation: **\$64.00 per unit**, with a “unit” equaling the below-stated amount of time or contests, for each respective sport listed. **Upon verification, the NCS will pay each individual directly, as appropriate.**

NCS CHAMPIONSHIP SPORT	UNITS PER EVENT PER MEDICAL PERSONNEL	TOTAL MEDICAL STAFF PER EVENT	APPROXIMATE HOURS OF EVENT
CROSS COUNTRY	3 UNITS	3	5 HOURS
